Policy of the institution towards acquisition,Utilization and maintainance of infrastructure.

The purchase policy is based on transparency and fairness and is need based. A Purchase committee shall be duly constituted for coordinating Purchase activities. The purchase committee shall finalize the purchase of an item by inviting quotations/tenders. The purchase of an item is generally based on the lowest rate quoted provided it meets the required standards. Building committee of the College is in charge of purchase of building materials for construction activities.

There are adequate laboratory assistants in the Science Departments viz. Physics, Chemistry, Botany, Zoology, and Bio-science laboratories to maintain the equipment and laboratories. The Department Head shall be responsible for maintenance and utilization of the labs and appropriate guidelines shall be given to the users. The stock in the labs are verified annually, and damaged ones are discarded. Electrical and Electronic equipment are checked regularly at the end of the academic year.

Computer maintenance:

It is ensured to have computer rooms dust free and properly cleaned from time to time. The computers available in Administrative offices, Departments and Laboratories shall be maintained through dedicated I.T staff of the college.

Classrooms:

The classroom facilities such as whiteboards, blackboards, electrical fittings and furniture, etc. are regularly cleaned and maintained. A separate shed is in place in the campus to repair the broken furniture's and carpenters are hired to repair them. The departments will be given the charge of classrooms coming under their purviews. The Head of the Department and Class Teachers ensure cleanliness is maintained in the class rooms and surroundings.

Library

The Librarian, and the team of support staff, shall look after the maintenance of the library books, journals, periodicals, furniture, electronic equipment, computers and software. Pest Management measures shall be periodically carried out in the library. Efforts shall be taken to preserve the books and journals, dust free.

College Ground:

The Physical Education Department is entrusted with the proper maintenance of ground and gymnasium. Necessary instructions are given by the Physical Director to the students as to how to use the ground, basketball court, gymnasium equipment etc. Girl sportspersons are given instructions in this regard by a female Assistant Physical Director.

Parking:

Adequate parking facilities for bicycles, motorized two wheelers and four wheelers are available at two locations. Proper directions are given to staff and students as to where they can park their vehicles.

Electrical and Water facilities: The College Estate officer is in charge of the maintenance of the physical infrastructural facilities. There are housekeeping staff members and the college has also made arrangements with electricians and plumbers who are employed by the college to perform necessary repair and installation works. The Estate Manager will coordinate the repairs and maintenance works. The generators shall be properly maintained by the housekeeping staff. The garden and other facilities are maintained with the help of expert gardener by outsourcing. Timely watering of plants is ensured. The rain water harvesting facilities is supervised by the College Estate Manager.

Security;

Security personnel are deployed in the college and hostel. Night security personnel are also deployed. CCTV is installed in all the prime locations of the Campus and also at every corner of the college corridor. A monitoring room is also provided to view the c.c.camera footage in real time. It is also ensured that proper safety measures such as fire extinguishers are maintained.
